

It has been considered appropriate for a Secondary school to be located next to the primary school in High Path.

I understand that at the moment there are over 400 children in the current primary school and that in excess of 1000 pupils will be accommodated in the proposed Secondary school.

My concern is that there is already difficulty for parents to park in the one way High Path both for dropping their children off to attend school and even more so when collecting them when school is over for the day. Has consideration been given to the chaos which will occur when another 1000 children arrive and leave at the same time, some of whom will be dropped off by a parent and some arriving by public transport. I live in [REDACTED] and can only imagine the sight of so many children swamping the area both arriving and leaving, plus parents attempting to park at the same time.

Nowhere to park - insufficient public transport - safety - the possibility of road rage as a consequence - frustration - 5 days each week. Am I alone in worrying about the inevitable chaos?

The mind boggles and I would like to receive your alternative view, if you have one, as an attempt to put mine and I'm sure many other minds at rest.
