

Table Header	Information Required
Programme	This refers to the programme which the scheme falls under. Programme options are either 'Corridors, Neighbourhoods and Supporting Measures', 'Major Schemes' or 'Local Transport Funding'. Please pick the appropriate programme type from the drop down menu.
Scheme Title	Enter the name of the scheme in this field. The name should be self explanatory, it should include site location (town centre or road name) and works type. For example, <i>Winston Road with Churchill Street junction improvement works.</i>
Scheme Description	Use this field to provide a very brief description of the scheme. Description should be simple and should contain project duration, funding sources if there is more than one funder, primary objective and high level scope of works. It should be no longer than 1,000 characters long. When using abbreviations please ensure to use widely known abbreviations. For example, <i>Junction improvement works at Winston Road / Churchill Street are scheduled to commence on 10/02/10 and finish on 03/05/2012. Works includes traffic signal removal, kerb realignment, informal crossings, provision of accessible bus stops and guardrail removal.</i>
Funding Source (list multiple)	The first cell is for LIPs funding (the blue cell). Use the other cells to identify complementary funding sources (e.g. s106 funding or Defra air quality grant). If there are more than two funding sources, please insert additional rows after the LIPs funding row - this will preserve the total calculations.
On-going	This field should contain the existing Portal Scheme ID if the scheme is ongoing from the previous year. Leave blank if this is a new scheme.
Funding £000's	Enter the forecast spend profile across the years.
MTS Goals/Outcomes	Identify which MTS outcomes the scheme will contribute towards. Select the appropriate outcome reference from the drop down menu. You will be able to select a maximum of 10 outcomes per scheme. This should be the primary outcomes from the scheme i.e. The main benefits.
Road Task Force Street Types	<p>Select the street type from the list below.</p> <p>Arterials: strategic routes (London-wide / sub-regional) allowing people to get in, out & around London efficiently</p> <p>High roads: busy roads with high movement demands going through town centres / places</p> <p>City hub/Boulevard: key destinations (eg central + inner London locations / met centres) & also strategic links with high traffic flows</p> <p>Connectors: providing more localised routes & alternative routes for cyclists</p> <p>High streets: variety of services & retail/leisure offer and range of movement demands</p> <p>City streets: well known streets accommodating high volumes of people</p> <p>Local streets: providing places to live, community interaction & children's play</p> <p>Town square / street: local / town retail/leisure/'administrative' offer</p> <p>City places: widely known commercial & cultural centres. Important destinations</p>
Does the scheme impact on TfL services or facilities	For schemes in the 2014/15 programme, answer 'Yes' if the scheme impacts on TfL services or facilities, such as bus route or bus stops/stands. Please do not leave blank.
Does the scheme involve new traffic signals, or changes to existing signals?	For schemes in the 2014/15 programme, answer 'Yes' if the scheme involves either the installation of new signals, modification to existing facilities or removal. Please do not leave blank.
Are road humps proposed?	For schemes in the 2014/15 programme, answer 'Yes' or 'No' as appropriate. Please do not leave blank.
Would you like the following to be carried out by TfL?	For schemes in the 2014/15 programme, if you would like TfL to undertake monitoring for either / both of the fields listed (casualties and/or bus reliability/journey times), or to undertake a road safety audit please answer 'Yes' or 'No' as appropriate. Please do not leave blank.
