Dear Resident/Business,

The purpose of this newsletter is to inform you of the outcome of the formal consultation carried out in October 2011, and to advise you of the Council’s decision to introduce the proposed traffic calming measures in Bristol Road.

Representations received from some residents regarding the proposals, along with officers’ recommendations were reported to the Cabinet Member for Environmental Sustainability and Regeneration on 5 January 2012, who has agreed to proceed with the implementation of the proposals as shown on the plan overleaf (Drg. No. Z73/215/01).

The decision include the making of the traffic management orders (TMO) and the implementation of the 2 sinusoidal road humps as shown on plan overleaf.

WHAT HAPPENS NEXT
The final made TMOs, which allow the proposals to be implemented and administered, will be published in the London Gazette and the local newspaper shortly. Notices will also be placed on lamp columns in the affected area.

A plan identifying the area affected by the proposals and the Council’s ‘Statement of Reasons’ can be inspected at Merton Link, Merton Civic Centre, London Road, Morden, Surrey during the Council’s working hours, Monday to Friday, between 9am and 5pm.

It is anticipated that the works will start during the week commencing 13 February 2012 and will be completed in approximately 2 weeks, weather permitting.

To facilitate these works, there will be temporary parking restrictions within the vicinity of the works and vehicular access to properties fronting the works will be limited. “No Parking” cones and signs will be in place to indicate the areas where parking is prohibited. It should be noted that illegally parked vehicles will be removed.

Finally, we would like to thank you for your participation in the consultation process and for your feedback. If you require any further information, please contact Edward Quartey, on telephone number 020 8545 3690 or email him at trafficandhighways@merton.gov.uk.
