Better places to live: high quality residential areas

1 Should all the homes on the Eastfields Estate be redeveloped?

As part of the transfer of homes from the London Borough of Merton to Circle Housing Merton Priory in 2010, a commitment was made to ensure all transferred homes met the Merton Standard. This included new kitchens, bathrooms, doors and windows where required.

When Circle Housing Merton Priory began to plan for the Merton Standards upgrades for Eastfields, their investigations and studies raised doubts on whether these improvements alone could bring the homes and the neighbourhood up to an acceptable, modern standard.

The Merton Standard works would not address issues such as poor insulation, dampness and condensation in the homes, overcrowding, parking, community safety and issues concerning the open and green spaces. Only homes owned by Circle Housing Merton Priory will be eligible for the improvements and leaseholders would be expected to pay for at least some of the upgrades. Any external issues on Eastfields would not be included.

Please select one of the following.

☑ Option 1: Demolish and redevelop the entire Eastfields Estate

Redeveloping the whole estate would mean demolishing and replacing the existing buildings to provide a number of benefits, such as well-designed energy efficient new homes and general improvement to the neighbourhood, including connections to the surrounding areas.

☐ Option 2: Partial redevelopment

Retain some buildings and redevelop the majority of the estate to provide a number of benefits, such as well-designed energy efficient new homes but with fewer benefits to the neighbourhood.

☐ Option 3: Invest in existing properties to bring them to minimum modern standards

Refurbish all Circle Housing Merton Priory and leasehold properties to ensure they meet current minimum housing standards, and have reasonable kitchens, bathrooms, windows, wiring and insulation. All leaseholders would have to share the costs of this work. This would not include changes to the outside areas.

☐ Option 4: Other, please state

Please note that the following questions relate to partial or full estate redevelopment. Should you decide to select the third option at Question 1, we would encourage you to respond to all the questions within this questionnaire as receiving all your feedback is important to us.

Currently the heights of the buildings on Eastfields are all 3 storeys. If the regeneration goes ahead, agreeing the height of new buildings will be important. That decision will need to take into account the relationship between Eastfields and the surrounding areas, local opinions, planning policies, how many homes are to be built and how to ensure there is enough open and green space for Eastfields to be a pleasant and attractive place to live.

152 BUSES ARE COMPLETELY UNRELIABLE. AS A MOTHER WITH PRAM I CAN HARDLY EVER USE THE 152 DUE TO IT BEING OVERCROWDED IN THE MORNING AND AFTERNOON, WOULD BE A GOOD IDEA TO USE DOUBLE DECKERS FOR THIS ROUTE AT BUSY TIMES, ALSO TO HAVE THEM RUN MORE FREQUENTLY.
