Site proposal 34 Raleigh Gardens car-park

Glebe Court Management Organisation object most strongly to any change of use of this car-park. Glebe Court has 256 properties (including Tudor Court) plus a Scouts Hall so is essential to visitors and users of the Hall as well as all the other users of this facility. The Scouts Hall has recently been refurbished so have hopes of more use of the Hall which will mean Raleigh Gardens car-park is essential. We also object to the entrance and exit being moved to our (side road) entrance and exit as it is already difficult for our residents and visitors.
