Dear Sir,

With reference to your document
SITES & POLICES DEVELOPMENT PLAN DOCUMENT.
The suggested site of 21, KEYTON ROAD, SW19 1DJ
houses THE PHOENIX PROJECT ACTION FOR CHILDREN AND
MERTON YOUTH CENTRE. so is ideal for its
most valuable use from 9-5 daily with ample
car parking space which keeps parked cars off
the road as they enter from Holmes Road.
Should this be altered as suggested in your plan
to community and residential it would create
over crowding and major problems for this
location.
With the siting of the new Mosque to be built
on the opposite corner & accommodating approx 600
people for meetings we residence of KEYTON ROAD
will be the losers once more.
There is also the AHH SAINTS SCHOOL at the other
end of this short road which adds to the
density of pedestrians gaining access to both
the school and the AHH SAINTS HOUSING ESTATE

Please take these points into consideration

Yours sincerely
