

## **Close Wimbledon Greyhound stadium (received 09 September 2013)**

Dear Cllr Alambritis,

We write to you with the, attached, petition signed by 2739 advocates who wish you to take into account their concerns of Greyhound cruelty and welfare, in reference to any planning decisions for a future new Greyhound track at Wimbledon.

We would be very grateful if you accept and acknowledge, publicly, this petition - just as the 'We Want Wimbledon' petition has been accepted.

We also ask you to read our report on Greyhounds in the UK/Ireland, recently written for the European Parliament, in conjunction with various Rescue/Adoption and Welfare Advocate groups throughout Europe for a Written Declaration. The report touches on some of the serious concerns many Advocates and Rescues share.

This was received positively, and taken seriously, by MEP's, many of whom showed a keen interest and requested further advice and background in the Greyhound plight throughout Europe. This report even caused Greyhound Safe, along with Greyhound Rescue Holland, to be invited to Brussels for meetings in person.

<https://docs.google.com/document/d/1YVbPgFjAkXH1qYpQHIPfxOr5bAAo5krFkltUY5a7uqw/edit?pli=1>

We hope this report will be of interest to you and held in regard, given that a decision for a new Wimbledon track will have an detrimental impact for Greyhounds, especially in regards of encouraging further breeding, in an area where Greyhound are already massively over-bred.

We thank you for your time and look forward to your personal reply/acknowledgement.

Please do not hesitate to contact us should you have any questions.

Kind Regards.

Greyhound Safe

Not to mention those that are killed because their injuries on the track mean they can no longer race. And the pups who don't make the grade and are quietly done away with. It's an anachronism in the 21st century and should be consigned to history along with bear and badger baiting.

Because the poor animals do not make the money their owners wanted in this inhumane sport. The animals' welfare is only ever taken into account if they are profitable. Perpetuating the sport in places like Wimbledon Stadium only perpetuates the suffering and death of innocent animals.

508.	lynn charlton	Auckland, New Zealand	Animals as circus/entertainment is no longer acceptable in the 21st Century. Races produce thousands of injuries each year, not just those that are recorded, either. Many do not show up until the next day or two. Why should dogs be encouraged and trained to run at maximum speed, injuring and breaking their legs just so people can watch them do it? Makes no sense. Imagine doing that to sheep? Cattle? Even horses have a rider to stop them colliding with other horses and running into the rail. Hounds have nothing. Start researching for yourself what happens in this industry. You will not be able to support it if you have a proper and thorough look.

584.	Paul Clark	Duloe, United Kingdom	I used to bet on dogs myself when I was younger. Must admit I naively enjoyed the racing back then before I gave it more thought. However when I started to find out how poorly dogs were treated (during/after careers) & "methods" of "stopping" dogs winning even that placed their health at risk I decided to withdraw my support from the "sport". From those trainers I have met they seem like self absorbed morons who want/need to be a "somebody" aka "I am a greyhound trainer" like it makes them a "big I am" in their little minds. There is no skill in being a greyhound trainer - the dog is either fast enough to race or it isn't. Pity both.

Therefore, Merton Council, please respect AFC Wimbledon and return football back to Wimbledon Stadium. Football is a sport shared by millions if not trillions. Greyhound Racing, however, is still going because of just a few thousand. Greyhound Racing supporters main aim is to make financial gain from the exploited and beautiful dogs involved. Most greyhounds lives involve exploitation and an early death. Would you be happy about supporting this fact?

1,779. Amanda Lawrence	Bournemouth, United Kingdom	<p>This "sport" is responsible for the death of tens of thousands of dogs every year, both through horrific injuries sustained during racing around too tight bends at high speeds &amp; also through their destruction when they are no longer deemed profitable to keep due to injury or just getting slower! A greyhound's racing career starts at around 18 months of age &amp; is finished typically by the age of 3 years. A greyhound's natural lifespan is around 14 years. There will never be enough homes for all the thousands of surplus dogs &amp; so the majority are killed; if they are lucky by a humane method, often not, as this costs the owner, to spend money on their unprofitable dog! Common methods of killing a dog including shooting them through the head, drowning or dumping the poor, terrified animal on a motorway to be hit by a car, among other barbaric methods. Often dogs will have their ears cut off first, so that they cannot be traced back to their owner by the identification tattoos in their ears! Some dogs are shipped abroad to be forced to run &amp; live in horrific conditions, often with already sustained injuries. That is if the dog makes it into racing. Thousands of puppies are over-bred every year &amp; obviously not all of these will make it into racing. These surplus babies are culled before they even make it to adult-hood! Those that do have a short career in racing are often kept in appalling conditions, and the so-called self-regulation of the industry does little to prevent this.</p> <p>All greyhounds, even the lucky ones that do find a retirement home, suffer. They often have injuries &amp; arthritis which cause them pain due to the stress put on their limbs from racing around poorly designed &amp; maintained tracks.</p> <p><a href="http://www.greyexploitations.com/">http://www.greyexploitations.com/</a>  <a href="http://greyhoundaction.org.uk/">http://greyhoundaction.org.uk/</a></p> <p>Only today a greyhound was found severely injured after she was bludgeoned over the head with a hammer in an attempt to kill her!</p>

Laura Slade	Surbiton, United Kingdom	Greyhound racing is industrialised cruelty for the benefit of the betting industry and the idiots who squander their money gambling. 10% of dogs die or are put down due to track injury. Thousands of non-chasers never make it to the track so this dubious retirement guarantee is meaningless. Any renewed interest or investment in this vile industry is bad news for all greyhounds. And if Taggart has revolutionised the Irish greyhound industry where there is still NO provision for ex-racers, why are animal ambulances bringing Irish greyhounds to the UK for British charities to rehome every week. Anyone who “enjoys” watching or betting on greyhound racing is culpable for the death of over 10,000 dogs A YEAR and the daily suffering of the thousands who live alone in squalid kennels for 23 hours a day.

This should not be acceptable. The quantity of greyhounds needing rehoming following retirement from the track is becoming a real problem as are the cases of cruelty. Unless the organisers of this sport wake up to their responsibilities then the future of this sport is indeed, and some would say should be, dead.

The Greyhound Stadium should be something that the community can be proud of, that the businesses can generate more revenue from, and something that enables local Wimbledon residents to become engaged with. With young football fans in the area, it is the "Bring back AFC Wimbledon to Wimbledon" message that should be promoted. AFC Wimbledon is a family club and involves many people from the locality. This keeps money in Merton. I hope that the Greyhound Stadium can be put to far better use than supporting the abuse of greyhounds.

AND CERTAINLY NOT ENTERTAINMENT! the dogs are being abused,and if they are not achieving properly,they are murdered in a horrible fashion! they are shot in the head ,or left to wonder on their own.....this must stop. let the gamblers choose another way to earn their fast money at the casino. or just go to work and earn their money legally. but don't let these beautiful ,gracefull,and above all kind dogs race till they drop !!here in holland we strongly are against any form of dogracing! england as a land of high civilisation should be ashamed of dograces being held in their country!!!
