Do not demolish any part of the estate.
Just invest money in the existing properties to bring them up to minimum modern standards.
A lot of us tenants are really happy the way we are living now. Merton Council always looked after us. When repairs were needed in our homes, they were always done quickly. The flat I live in is wonderful. With central heating and double glazing, it would be a crime and waste of money to demolish any of them to build new places. Leave the parking on the estate as it is. It's fair for everyone.
This is a lovely estate.
