Dear Resident

The Outcome of Consultation For Proposed School Keep Clear Markings in Faraday Road.

The purpose of this leaflet is to inform you of the outcome of the statutory consultation to remove 4 Shared Use Parking Bays and replace them with a School Keep Clear outside the entrance to Holy Trinity C of E school in Faraday Road. Following a careful consideration of all representations received, the Cabinet Member for Environmental Sustainability and Regeneration has made a decision to proceed with the proposed scheme.

Details of the measures and representations are contained within a report which can viewed on www.merton.gov.uk/faraday-keepclear

Further Consultation to introduce 2 New Shared-Use bays in Faraday Road

In order to minimise the loss of parking resulting from the ‘School keep Clear Marking’, the Cabinet Member also approved a further consultation on the introduction of 2 new Shared Use bays opposite 30 & 32 Faraday Road. You are invited to send your representations for or against this further proposal.

The full proposal is shown on the plan provided overleaf.

What Happens Next

Statutory consultation is required prior to any decision to proceed to implementation. This is the legal part of the process and requires the introduction of Traffic Management Order (TMO), which is a legal requirement to enable the Council to change and enforce traffic or parking regulations. The statutory Notice for the introduction of 2 new shared use bays will be published in the local newspaper. In addition to this, the Council will also post Notices within the vicinity of the proposed bays.

The Notice informs residents and businesses in the affected road to submit written representations to the proposed scheme. Representation can be made in writing to Head of Street Scene and Waste, Merton Civic Centre, London Road, Morden, Surrey, SM4 5DX by no later than 22 July 2011, quoting reference ES/SGE/2 SHARED USE BAYS. The Council will then be required to consider all representations prior to proceeding further with the proposal.

A copy of the proposed TMO, a plan identifying the areas affected by the proposals and the Council’s Statement of Reasons can be inspected at the Merton Link, Merton Civic Centre, London Road, Morden, Surrey, during the Council’s normal office hours Monday to Friday, 9am to 5pm. Alternatively, this information can be viewed on our website using the following link www.merton.gov.uk/ faraday-keepclear.

All objections will be reported to the Cabinet Member for Environmental Sustainability and Regeneration for consideration and decision.

Please note that responses to any representations received will not be made until the final decision is made.

If you require further information, you may contact Waheed Alam directly on 020 8545 3200 or email waheed.alam@merton.gov.uk.
