Dear Sir/Madam

Cycling Improvements works – Filtered Permeability throughout the Borough

As part of on-going works, improvements to cycling accessibility are being undertaken by Merton Council. Selected fire gates, point closures and one way streets throughout the Borough are being modified to enhance filtered permeability for cyclists. These works include:

• Replacing fire gate with a combination of fixed and removable bollards - and in some cases trees - at a minimum of 1.5 metres part to allow cyclists to pass with ease. Emergency services access will be maintained via means of the removable bollards.

• Providing dropped kerbs along key cycle routes for better transition from carriageway to cycle path and visa versa.

• Introducing contraflow cycle lanes along selected “one way” streets, allowing cyclists to safely travel in the opposite direction to the cars. Contraflow lanes will enable cyclists to avoid taking a longer, and perhaps unsafe, detour in favour of a more direct route.

Date and Time of Works
Works will start on 1 November 2014 and will be ongoing until 31 March 2015, weather permitting. The work will generally be carried out from Monday to Friday between 8am and 5pm and should take a maximum of 5 day in each location.

Traffic Management and Access Arrangements
To ensure that works are carried out as quickly as possible, it will be necessary for you to refrain from parking on sections of road close to the works at various times of the day. “No parking” signs and cones will be in place to indicate the areas where parking is prohibited.

Further Information and Contact Details for the Works
Neil Smith FM Conway Ltd, Civils: 020 8664 1560
Gus Smith FM Conway Ltd, Civils: 07748632920 / 0208636 8822
Robert Nicholas Merton Council Engineer: 020 8545 4869

FM Conway will erect information boards on site, and their staff will be able to update you on the progress as the works proceed. Please do not hesitate to ask the staff on site should you require any assistance.

The F M Conway Ltd and Merton Council apologise in advance for any inconvenience and disruption that this work may cause.
F.M. Conway Ltd and Merton Council undertake to carry out this work:

With care
The work will be carried out safely and to a high standard

In a clean manner
Roads and footpaths affected by the works will be kept tidy

With consideration for the local community
Noisy and disruptive work will be kept to a minimum
