27th August 2013

Future Merton,
London Borough of Merton
12th Floor Civic Centre
London Road
Morden, SM4 5DX.

Dear Sir,

Rockwood Open Space. Site Ref W007

I write with regard to the above which is included in the Sites and Policies Development Plan currently under consideration. This land has always been open space and for many years was a playing field for the local junior school. Since that time, possibly 1970's/80's, it has become a natural habitat for both flora and fauna and is a welcome relief from the hustle and bustle of local traffic.

I understand that the new owner proposes to use this land as parking for a car dealership in Burlington Road (out of the London Borough of Merton) which would seem to be quite inappropriate.

I therefore request that the Rockwood Open Space remains a "Green Corridor and Open Space" when you make your decisions under the Sites and Policies Plan.

Yours faithfully,

Violet M. Martin (V.M.MARTIN)
