

**From; Cllr. Oonagh Moulton
Wimbledon Park Ward**

I should like to echo the sentiments of Cllr Howard and register my objections to any proposals to develop the site known as Kenilworth Green.

This site would not be appropriate for development and a number of residents have raised their objections with us recently. It has also been brought to our attention that it is the twentieth anniversary since local residents formed a group to plant and care for this piece of open space.

Please ensure my objection to the development of this site is recorded.

Best wishes
Oonagh
