Dear Resident / Business

The purpose of this newsletter is to inform you of the outcome of the formal consultation carried out in May/June 2008 and to let you know the Council’s decision on the proposed introduction of pay and display parking bays, waiting/loading restrictions and cycle arrangements.

All the representations received were presented in a report to the Head of Street Scene and Waste on 3 July 2008 with officers’ views and recommendations. It has been agreed to proceed with the scheme as shown on the plan overleaf Drg No. Z78/148/02.

The details are as follows:-
1. Five pay and display bays, to be placed partially on the footway, operating Mondays to Saturdays between 8am to 6.30pm, with a maximum stay of two hours and no return within two hours. The tariff for parking in these bays will be set in accordance with similar parking facilities in the area, at a charge of 80p per hour.
2. ‘At any time’ double yellow line waiting restrictions and loading restrictions, operating Mondays to Saturdays, between 8am and 6.30pm at the junctions with Carlton Park Avenue, Vernon Avenue, Edna Road and Doreen Road.
3. Provision for deliveries or collections, by providing a suitable length of single yellow line outside property no. 584 Kingston Road, operating Mondays to Saturdays, between 8am and 6.30pm, which will allow vehicles to load/unload for up to 20 minutes.
4. Terminating the west bound cycle lane on the south side of Kingston Road immediately after its junction with Vernon Avenue, and reinstating it shortly before its junction with Carlton Park Avenue. The section, alongside the proposed parking bays, will incorporate cycle logos marked in the middle of the carriageway instead of a cycle lane.
5. Re-alignment of the centre carriageway marking to provide suitable carriageway widths for both directions of traffic.

What Happens Next?

The Traffic Management Orders (TMOs) for the parking regulations and restrictions will be published in the London Gazette and the local newspaper shortly. Notices will also be placed on lamp columns in the affected area. We regret that we are currently unable to provide you with an exact date for the implementation of the proposed measures.

However, in due course you will receive further information, advising you of precisely when the works will commence.

Finally we would like to thank you for your participation in the consultation process and for your feedback. If you require any further information, please contact James Geeson, on telephone number 020 8545 3054 or email him at james.geeson@merton.gov.uk.
