Dear Resident/Business,

The purpose of this newsletter is to update you on the outcome of the recent consultation for the introduction of waiting and loading restrictions in the service road and to inform you of the Council’s decision. As there have been no objections, the Council has agreed to proceed with implementation of these restrictions, re-surfacing of the carriageway and other improvement works. The proposed ‘Entry Treatments’ as mentioned in the previous leaflet sent to you, will not be introduced as originally intended.

The planned works will commence shortly and is expected to take approximately 2-3 weeks to complete. For the general layout of the scheme please see the plan overleaf.

WHAT HAPPENS NEXT?
The relevant Traffic Management Order (TMO) for the waiting and loading restrictions has been published in the local newspaper, the London Gazette and placed on lamp columns in the vicinity. To facilitate the works it will be necessary to close off both entrances to the service road at different times and restrict parking. To keep disruption to a minimum, construction will be carried out in phases. The enclosed letter provides more detail from the appointed contractors with key dates and who to contact should you have any queries or concerns during construction.

Finally we would like to thank you for your participation in the consultation process and for your valuable feedback.

If you require further information regarding the construction, please contact James Geeson on telephone number 020 8545 3054 or email him at james.geeson@merton.gov.uk. Alternatively you can visit our website using the following link www.merton.gov.uk/MTCL.
