

From: Preston P

Dear Sir/Madam,

I am very concerned that the small amount of land adjacent to 10 Home Park Road (known as Kenilworth Green) is considered by the council to be a potential site for redevelopment. This land is not vacant or derelict; on the contrary it is a small oasis of greenery in an otherwise built up area. The Wimbledon Park Residents Association assist greatly in its maintenance, organising regular cleanups and plantings with the result that Kenilworth Green is actively used and contributes positively to the look of the area. It also serves as place for residents of all ages to meet or walk dogs - in short it is an area maintained by us, the residents and of which we are proud. I feel strongly that this beautiful area of mature trees and shrubs which adds so much to the local area should not be sold off for development so I hope you will take my comments into consideration and remove the plot from your list.
