Better places to live: high quality residential areas

1 Should all the homes on the Ravensbury Estate be redeveloped?

As part of the transfer of homes from the London Borough of Merton to Circle Housing Merton Priory in 2010, a commitment was made to ensure all transferred homes met the Merton Standard. This included new kitchens, bathrooms, doors and windows where required.

When Circle Housing Merton Priory began to plan for the Merton Standards upgrades for Ravensbury, their investigation and studies raised doubts on whether these improvements alone could bring the homes and neighbourhood up to an acceptable, modern standard.

The Merton Standard works would not address issues such as poor insulation, dampness and condensation in the homes, overcrowding, parking, community safety and issues concerning the open and green spaces. Only homes owned by Circle Housing Merton Priory will be eligible for the improvements and leaseholders would be expected to pay for at least some of the upgrades. Any external issues on Ravensbury would not be included.

Please select one of the following.

- Option 1: Demolish and redevelop the entire Ravensbury Estate
  Redeveloping the whole estate would mean demolishing and replacing the existing buildings to provide a number of benefits such as well-designed energy efficient new homes and general improvement to the neighbourhood, including connections to the surrounding areas.

- Option 2: Partial redevelopment
  Retain some buildings and redevelop the majority of the estate to provide a number of benefits, such as well-designed energy efficient new homes but with fewer benefits to the neighbourhood.

- Option 3: Invest in existing properties to bring them to minimum modern standards
  Refurbish all Circle Housing Merton Priory and leasehold properties to ensure they meet current minimum housing standards and have reasonable kitchens, bathrooms, windows, wiring and insulation. All leaseholders would have to share the costs of this work. This would not include changes to the outside areas.

Please note that the following questions relate to partial or full estate redevelopment. Should you decide to select the third option at Question 1, we would encourage you to respond to all the questions within this questionnaire as receiving all your feedback is important to us.

2 What size of homes should be provided within the Ravensbury estate?

Please select one of the following.

- Option 1: Mix of different sizes of homes
  Provide a mix of different sizes of homes consisting: around 33% one bedroom, 32% two bedrooms and 35% three or more bedroom homes. This option reflects Merton’s current policy to encourage a mix of dwelling sizes.

- Option 2: If you do not agree with this mix, how would you change it?

  Why squander residents money and earnings on something they clearly don’t want.

3 What type of homes should be provided across the estate?

If the regeneration plans go ahead the existing homes would be replaced and additional new homes built. What type of homes do you think Ravensbury will need in the future?

Please select one of the following.

- Option 1: A mix of mainly houses and flats on different parts of the estate
Better places to live: high quality residential areas

Option 2: A wide range of homes including a mix of houses, flats and maisonettes

Option 3: Mostly flats

Option 4: Other, please state

5 Are there any other issues or options we should consider regarding new homes?

Please feel free to continue on the sheet provided at the end of this questionnaire.

4 How should building heights be distributed through the Ravensbury estate?

If the regeneration goes ahead, agreeing the height of new buildings will be important. That decision will need to take into account the relationship between Ravensbury and the surrounding areas, local opinion, planning policies, how many homes are to be built and how to ensure there is enough open and green space for Ravensbury to be a pleasant and attractive place to live.

What do you think about building heights?

Please select one of the following:

Option 1: Evenly across the estate
Buildings should be broadly similar height across the estate.

Option 2: Taller buildings around the edges
Please select one or more of the following:
- Taller buildings facing the Morden Hall Park
- Taller buildings facing the Ravensbury Park and the River Wandle

Option 3: Variety across the estate
Please select one of the following:
- Some taller buildings evenly spread across the estate in general, amongst mainly lower buildings.
People and spaces

6 What type of outdoor space would you prefer to see within the estate?

Should regeneration go ahead, all new homes will be required to have some private space: all flats with balconies and all houses will have gardens. In addition, new flats must have access to communal gardens. A regenerated estate would also need parks, playspaces and open spaces to serve its residents and the surrounding area. As there is limited amount of space available, a balance therefore needs to be struck between the provision of private outdoor space for residents and public open space for everyone.

Please select one of the following:

☐ Option 1: Concentrate on providing communal space for flats.

This would be secure communal gardens available for the use of flats and not available for the general public.

☐ Option 2: Provide a single public open space for everyone to enjoy.

This would be separate to the general public. Communal gardens for groups of flats would remain - these may prove to be significantly smaller to accommodate land for public open space.

☐ Option 3: Other, please state

Leave our estate alone. Kids are able to play in the street which is safe to see... We have 4 parks already in walking distance.

7 What types of play areas and open space would you prefer to see?

Please select a maximum of two from the following:

☐ Sports pitches such as grassed areas suitable for kick-about and picnicking.

☐ Multi-use games areas such as fenced, hard surfaced areas for 5 a-side football, netball, tennis or similar sports.

☐ Communal gardens such as areas with planting and seating suitable for picnicking and where ball games might be prohibited.

☐ Children's play equipment

☐ Other, please state

These do sound ideal, but in reality they will be used for anti-social behaviour.

Merton/Mitcham is known for drug users and drink
People and spaces

8 What do you think is important in deciding the layout of buildings, spaces and streets on the estate?

Please select a maximum of two from the following:

- Making easy connections within the estate and to the surrounding area

  Creating convenient and safe routes across the estate, making it easy to walk or cycle to neighbours and easily get to places like Morden, Morden Hall Park and Ravensbury Park. The park and River Wandle are local historic and landscape assets that could help shape the future character and layout of the estate.

- Creating a more vibrant feel and character to the area

  Providing more homes on the site could improve the layout of the estate and local facilities, linking the River Wandle and the park with high quality walking and cycle routes.

- Creating a mixture of types of buildings and spaces

  Providing a greater mix of building heights and forms than currently exists, giving the estate a different character from its surroundings.

- Other, please state

9 Are there any other issues or options we should consider regarding the estate’s open spaces and streets?

Please feel free to continue on the sheet provided at the end of this questionnaire.

No None at all

The spaces we have are enough any additional space will only end up being used for anti social activities.

P.S. I'll be very interested as would the rest of the area in seeing these so called surveys that supposedly given overwhelming yes to Demol
Getting around

10 How should greater use of public transport be encouraged?

Please select one or more of the following.

☐ Provide better bus facilities such as increased bus stops and bus frequencies, improved bus stops travel information

☐ Provide better walking routes. Morden Station, bus and tram stops, shopping areas, parks and community facilities such as well lit, safe, convenient and well maintained footways

☐ Provide incentives to help residents use public transport more such as tasting pre-pay oyster card and special rail deals

☐ Provide personal travel advice

☐ Other, please state

12 How should parking be managed?

Please select one or more of the following.

☐ Introduce parking controls to ensure that residents and their visitors can park near their homes as well as to protect access and road safety. Such as Controlled Parking Zone, double or single yellow lines to ensure that residents and their visitors can park near their homes as well as to protect access and road safety

☐ No parking restrictions

☐ Reduce the need for parking spaces by providing alternative ways for residents to access a car when needed such as car clubs

13 Are there any other issues or options we should consider regarding the transport?

Please feel free to continue on the sheet provided at the end of this questionnaire.

11 Walking and cycling are healthy lifestyle choices. How can we support this?

Please select one or more of the following.

☐ Provide well-connected, attractive and safe cycle routes and footpaths

☐ Provide safe and convenient crossings of busy roads and junctions

☐ Provide secure and convenient cycle storage

☐ Provide cycling training and support, to encourage people to switch to cycling
Local facilities and economic opportunities

14 Should new community facilities be provided within Ravensbury estate?

Community facilities cover a range of uses such as health care, schools, children's playing fields and services for older people and the disabled.

Please select one of the following:

- Option 1: Yes, we need more community facilities such as:
  please state

- Option 2: No, the existing local community facilities on the estate and nearby are enough

15 How could refurbishment or regeneration support existing and new employment?

Please select one or more of the following.

- Provision of space for businesses in or near the estate
- Employ local businesses and apprentices through the refurbishment or regeneration process
- Other, please state

16 Are there any other issues or options we should consider regarding social and economic opportunities?

For example employing local people, supporting local businesses, providing training for local people, improving local facilities and services.

Please feel free to continue on the sheet provided at the end of this questionnaire.
Separate sheet provided for you to tell us what you think. Please clearly indicate the option which you are writing about.

Kindly take your plans and ideas for demolition and instead spend any extra money you got on the existing properties we already have, leave this little estate and it's happy community well alone!!
