Morden Assembly Hall -site proposal 10

Dear Sir.

As a resident of Lower Morden Lane ,whose house is opposite the hall, I feel I must register my opposition to the proposal of any redevelopment of the site.

Whilst the Hall seems to be used more than it was,including of late nondenominational funerals, I feel the availability of the car park is of prime importance to the area, it in use at all day and evening, apart from people attending events at the hall it is used by the parents taking and collecting their children to and from Hadfeilds School ,also by people shopping in Grand Drive,and as an overflow car park for the Beverly(Morden Brook) pub. As the Morden Park Baptist has no car park it is also vital to them. As we are plagued as it is with on street parking in this small area, I can not believe that you could even consider any extra housing in this location, bearing in mind the two large developments taking place in Grand Drive and the extra traffic they will generate.

I trust there will be public meeting before any descion in finalised.You may recall the last one on this subject got a thumbs down from every one present and dont recall anybody supporting the proposal.
