

From; R. Skinner

We noted last night at a Morden Park and Playing Fields Association committee meeting, that the DRAFT SITES AND POLICIES DEVELOPMENT PLAN DOCUMENT has on page 48 of part 1 - section 5. Natural environment - DM 01: Open Space, Policy - (c) "the proposals are for the redevelopment of an existing building within open space and they do not lead to a net loss of open space."

Please
may the words be added after "existing" - "or pre-existing."

Given that the old pavilions on Morden Park Playing Fields have now been demolished, their footprint will be needed for new changing rooms etc.
