South London Waste Plan DPD

Statement of Consultation
(Regulation 28)
February 2011
## Contents

1. Introduction .................................................. 5

2. Who Was Consulted ........................................... 7

3. Consultation Methods ....................................... 35

4. Summary of the Main Issues Raised ..................... 43

Appendix 1: Specific Consultees According to Partner Boroughs’ SCIs

Appendix 2: General Consultee Guidelines According to Partner Boroughs’ SCIs

Appendix 3: Consultation Documentary Evidence
1. Introduction

1.1 The four boroughs of Croydon, Kingston, Merton and Sutton are submitting the South London Waste Plan, a joint Development Plan Document, to the Secretary of State. It is intended that the South London Waste Plan will form part of each borough’s Local Development Framework.

1.2 This Statement of Consultation sets out details of the Publication Stage of the Proposed Submission version of the South London Waste Plan. Which ran from 4 January to 15 February 2011.

1.3 Since the South London Waste Plan is a joint DPD, the publication of the document has been arranged so as to comply with the four partner boroughs’ Statements of Community Involvement (SCIs). These are:
   - The Croydon Statement of Community Involvement (LBC, 2007);
   - The Kingston Statement of Community Involvement (RBK, 2009);
   - The Merton Statement of Community Involvement (LBM, 2006); and,
   - The Sutton Statement of Community Involvement (LBS, 2006)

1.4 In addition, this Statement of Consultation shows that the South London Waste Plan has been prepared in accordance with the Local Development (Amendment) Regulations 2008. This Statement of Consultation meets the requirements of Regulation 30(e) by setting out:
   (i) which bodies and persons the local planning authority invited to make representations under Regulation 28;
   (ii) how those bodies and persons were invited to make representations under the regulation;
   (iii) a summary of the main issues raised by representations made pursuant to the regulation; and,
2. Who Was Consulted

Specific Consultees Consolidated for All Boroughs, (for some boroughs these may only be General Consultees)

British Geological Survey
British Waterways
Campaign to Protect Rural England
Centre for Ecology and Hydrology
Church Commissioners
Civic Voice (formerly Civic Society Initiative)

3. Consultation Methods

The partner boroughs engaged with a large number and wide range of consultees including:

- Statutory bodies;
- Community groups and interest groups;
- Businesses, international, national and local;
- Residents;
- Landowners and occupiers of proposed sites.
- Householders and businesses in the vicinity of proposed sites.

The following engagement methods were used at publication:

Stage 3: Pre-Submission Representations (4 January to 15 February 2011)

Consultation Documents:

- The Proposed Submission Document
- The Sustainability Appraisal
- Representation Form

Publication:

- Partner borough websites updated to include documents and methods of responding (www.croydon.gov.uk/wasteplan; www.kingston.gov.uk/wasteplan; www.merton.gov.uk/wasteplan; www.sutton.gov.uk/wasteplan)
- On-line consultation system set up so that stakeholders can comment electronically
- Public notices in local newspapers: Croydon Advertiser (29.12.10), Sutton Guardian (30.12.10); Wimbledon, Mitcham and Morden Guardians (30.12.10), Surrey Comet (31.12.10)
- Press release to local newspapers
- Documents displayed at Council receptions and libraries

Correspondence:

- Direct mail to all contacts on each of the borough’s Local Development Framework database, informing them of the consultation
- Direct mail to those contacts who responded to the Stage 1, Stage 2 and Stage 2a consultations, informing them of the consultation
- Direct mail to all those businesses on the identified sites and areas
- Hotline number established so that the South London Waste Plan Project Manager could any questions
- Total emails sent: 4,063, total letters sent: 3,712, excluding letters to businesses on identified sites and areas

Meetings:

- Presentation at the Beddington Farmlands (New) Liaison Group at Beddington Park Primary School on 8 December 2010
Comparison of SCI Requirements and Consultation Methods Used

Key:
C-R: Croydon Requirement  M-R: Merton Requirement
C-O: Croydon Optional  M-O: Merton Optional
K-R: Kingston Requirement  S-R: Sutton Requirement
K-O: Kingston Optional  S-O: Sutton Optional

Stage 3: Pre-Submission Representations (4 January to 15 February 2011)

4. Representations and Summary of Issues

Representations
4.1 A total of 146 representations were received from 64 different respondents regarding the Proposed Submission version of the South London Waste Plan.

4.2 A total of 6 representations were received from 3 different respondents regarding the Sustainability Appraisal Report on the Proposed Submission version of the South London Waste Plan.

4.3 Two representations were received after the closing date from:
   (i) The Health and Safety Executive (at 10.30 on 16 February 2011); and,
   (ii) The Environment Agency.

Summary

Main Document
General Comments on the Whole Document (10 representations)
- Various bodies stating that they have no comment to make but some added that local authorities should be aware of wind turbine consultation zones, electricity infrastructure installations, major hazard sites and pipelines.
- Improvement on previous drafts
- Inadequate consultation process
- Objection to MSW proposals in terms of cost and concentration on one treatment facility
- Plan is generally consistent with the London Plan except regarding (i) references to the apportionment; (ii) the safeguarding of existing sites; and (iii) Policy WP5.

Section 1: Introduction (1 representation)
- Figure 1.1 is incorrect.

Section 2: The Need to Plan for Waste (6 representations)
- No link is made between waste, energy from waste and demand for energy from new housing developments
- Support annual monitoring by boroughs and suggest co-ordinating monitoring and establishing clear monitoring procedures across the four boroughs
- Tendering arrangements for MSW contract are inadequate
- Stage 3 consultation should have been longer and publicised more.

Section 3: Plan Area Context and Key Issues (17 representations)
- Surrey County Council does not have sufficient capacity to meet the equivalent tonnage of waste arisings, sufficient land is allocated
- Surrounding areas are generally able, not are able, to accommodate their own waste needs
- A policy on waste water/sewage treatment plants needs to be included
- Data on future arisings are not consistent
- Using the throughput figure and not the throughput that will be stated in a future MSW contract means that the capacity gap is too great by 82,300 tonnes
- The existing capacity is too high because (i) it includes C, D & E Waste, (ii) there is uncertainty over the landfill site, (iii) ELV and metal recycling is too high
- The calculation of the throughput estimate is supported
- The calculation of the throughput estimate is flawed
- The assumption that the identified Waste Transfer Sites will be redeveloped is flawed
- The plan is too short to cover the lifetime of facilities and longer-term targets are needed.
- The plan and the long contracts for MSW do not allow for technological advances in waste management.
- The safeguarding of existing sites does not allow for or promote the development of district heating systems.
- The tendering process for MSW leaves the boroughs with little control and they are not being forceful enough with the waste industry.
- Landfill and its contribution to renewable energy production should not have been omitted.

**Section 4: Vision and Monitoring (2 representations)**

- Support the vision and objectives.
- A clearer monitoring framework should be established and local communities should be involved in the process.

**Policy WP1 and accompanying paragraphs (9 representations)**

- Supported
- Support but the apportionment should be the target not self-sufficiency.
- Self-sufficiency should be referred to as net self-sufficiency for clarity.
- The contribution former landfill sites can make to meeting targets has not been recognised.
- The policy should refer to windfall sites in addition to those sites in Schedules 1 and 2.
- The growth in C&I Waste is not justified and the plan does not take account of possible increases in re-use and recycling rates. Therefore, a range of possible tonnage would be more realistic.

**Policy WP2 and accompanying paragraphs (3 representations)**

- Supported
- There is no estimate of C, D & E Waste. Since there is no data, there is a lack of a justification for not allocating sites. There is no information on cross-boundary movements for C, D & E Waste. The policy target for C, D & E Waste, like the London Plan, will be difficult to monitor.

**Policy WP3 and accompanying paragraphs (6 representations)**

- Support but the boundary for Site 18 should be amended and the footnote stating that permission for Site 18 expires in 2023 should be amended to allow for possible extensions for waste management beyond 2023.
- More consideration should be given to compensatory site provision for Site 18.
- Existing sites below 0.2ha in size should also be safeguarded.
- The plan should be more conservative with regard to the amount of capacity that can be delivered from existing Waste Transfer Stations.
- Site 5 in Figure 4.1 is incorrectly located.

**Policy WP4 and accompanying paragraphs (8 representations)**

- Supported
- Supported but the capacity gap should be referred to in tonnage not hectares.
- Policy does not consider the potential adverse impacts of waste management facilities on existing businesses surrounding a proposed site or area.
- Policy does not consider the potential of former landfill sites for accommodating waste management facilities.
- Most of the industrial areas are not deliverable and Ullswater Business Park, Croydon, which is deliverable, should be included in Schedule 2.
- The policy merely reiterates existing policy with regard to development in industrial areas, and the industrial areas are undeliverable based on historical trends and land ownership.
Therefore, Site 57 should be included in Schedule 2 and Policy WP3 should be amended to allow for the release of MOL and the safeguarding of the Site 57 for waste management use.

Policy WP5 and accompanying paragraphs (8 representations)
- Supported
- Supported but sites of regional importance for nature conservation should be mentioned within the policy
- The policy is too restrictive and should include reference to mitigation measures
- Nationally recognised heritage assets are not adequately protected
- The ninth bullet point is unclear and appears to repeat itself
- In point (a), further guidance is needed on what would constitute proof of the undeliverability of sites in Policies WP3 and WP4
- The first bullet point is restrictive and waste management development on landfill sites should be considered
- The policy should state that Strategic Industrial Locations, as identified in the London Plan, are preferred over other industrial land
- Greater weight should be attached to proposals that would bring forward Energy from Waste.

Policy WP6 and accompanying paragraphs (4 representations)
- Supported
- Supported but suggest that requirements (a) to (f) should be subject to a viability test.

Policy WP7 and accompanying paragraphs (6 representations)
- Supported
- Supported but the policy does not consider sites of regional importance for nature conservation
- Policy should be strengthened to consider the potential adverse impacts of waste management facilities on people and existing businesses surrounding a proposed site or area
- Reference should be made to the Waste Incineration Directive and the Reference Document for Best Available Techniques in Waste Incineration
- Air quality studies need to be carried out to include the effects of additional traffic movements.

Policy WP8 and accompanying paragraphs (6 representations)
- Supported
- Support but the preference for advanced conversion technologies should be removed as there is a place for a wider range of technologies
- Support for encouragement of anaerobic digestion, pyrolysis and gasification and decentralised energy networks. This should be more evident in other policies, particularly Policy WP5
- It is unclear what is meant by a “positive carbon outcome” and how it would be delivered
- “Where feasible” should be added to the phase “Any proposed thermal treatment facilities must allow for the recovery of renewable heat and power (or heat, power and cooling)”
- The policy should emphasise composting less and promote gasification and pyrolysis more
- Evidence Base Study 5 needs to be fully publicised to understand proposals.

Policy WP9 and accompanying paragraphs (4 representations)
- Supported
- Health risks have not been fully considered and the option of mitigating by planning
conditions not considered either
- Boroughs must monitor environmental impacts in addition to the Environment Agency
- Waste management vehicles should not be routed past housing or, at least, axle weight restrictions should be put in place.

**Section 5: General Comments (11 representations)**
- Support the decision not to identify the Coal Depot adjacent to Barwell Business Park
- Support the evidence required to support any planning application
- The fact that the sites are technology neutral means residents cannot make informed comments and the site selection criteria is not available
- Hackbridge is already subject to the adverse impacts of waste facilities and should not be subject to any more
- Site 60 was the subject of strong objections at the previous consultation and these should be passed on to the Inspector
- Beddington and Croydon already have poor air quality and so an incinerator should not be sited there
- Boroughs should state in Section 5 that not all the identified sites will necessarily be suitable for all forms of waste management and how applications will be submitted and decided
- Archaeological Priority Areas/Zones have not been identified in the case of all sites and the correct procedure for developing in such areas/zones should be set out
- There has been very little consultation in the Hackbridge/Wallington area
- Objection to any proposals that may affect the planned Wandle Valley Regional Park
- Incineration will impact on air quality and does not encourage recycling
- Many of the sites are at risk of flooding but Site 100 at Kenley is not liable to flooding.

**Site 6: Villiers Road HWRC, Kingston (2 representations)**
- Site description should set out the scope of development that is acceptable
- Site conflicts with Policy MW1 of the Kingston UDP as the site access is poor and development would adversely impact residential areas
- Site should not be considered for energy recovery.

**Site 9: Garth Road HWRC, Merton (1 representation)**
- Site is in a residential area
- Site has poor access
- Scoring in the Stage 2 site selection process is incorrect.

**Site 17: Country Waste Recycling Ltd, Sutton (1 representation)**
- Oppose plans that will have an adverse impact on biodiversity
- Oppose plans that will contradict the agreed Conservation Management Plan.

**Site 18: Viridor Recycling and Composting Centre, Sutton (3 representations)**
- Supported but consideration may need to be given to identifying a suitable replacement site in the next 5-10 years
- Statement on the expiration of existing permissions and the future incorporation of the site into the Wandle Valley Regional Park is strongly supported
- Oppose plans that will have an adverse impact on biodiversity
- Oppose plans that will contradict the agreed Conservation Management Plan.

**Site 27: SITA Transfer Station, Merton (1 representation)**
- Would like to see a site map in the document.
<table>

<td></td>
</tr>
<tr>
<td>- Contrary to PPS10 since the type of waste management facility is not stated</td>
<td></td>
</tr>
<tr>
<td>- Contrary to PPS10 since the existing and proposed neighbouring uses have not been taken into account</td>
<td></td>
</tr>
<tr>
<td>- Contrary to PPS10 since visual intrusion, traffic and access, air emissions, odours, vermin and birds, noise and vibration and potential land use conflict have not been taken into account</td>
<td></td>
</tr>
<tr>
<td>- Contrary to PPS10 since the proximity of a residential area has not been taken into account</td>
<td></td>
</tr>
<tr>
<td>- Contrary to the London Plan since environmental impact on surrounding areas, noise emissions, odor, visual impact and the full transport impact of waste management facilities have not been taken into account</td>
<td></td>
</tr>
<tr>
<td>- Contrary to the aims of the Kingston UDP and Core Strategy which promote high employment levels in industrial areas. Waste management uses are not significant employment generators. Waste management would impact on the surrounding commercial/industrial uses leading to a decline in employment levels despite the estate being recently refurbished and attracting high quality occupiers. The decline of employment levels in the estate would lead to pressures for changes of use which would also be contrary to the London Plan, Kingston UDP and Core Strategy.</td>
<td></td>
</tr>
<tr>
<td>- Would impact on the neighbouring Green Belt</td>
<td></td>
</tr>
<tr>
<td>- Area should be deleted.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>

<tr>
<td>- Adversely impact on nearby school</td>
<td></td>
</tr>
<tr>
<td>- Adversely impact on local hospital and ambulance routes</td>
<td></td>
</tr>
</tbody>
</table>
- Adversely impact on existing and proposed open and recreational space
- Adversely impact on recently created cycle routes
- Adversely impact on biodiversity
- Within an archaeological priority zone
- Limited opportunities for sustainable transport
- Does not respect the buffer zones of the River Wandle
- Area is mixed use not an industrial area
- Low potential for deliverability
- Adversely impact on house prices
- How will the Council acquire the land if it does not use CPOs.

**Area 1006: Wandle Valley Trading Estate (Part of), Sutton (1 representation)**

- Site has potential for social infrastructure, including policing requirements, and so should be deleted.

**Appendix 1: Evidence Base (2 representations)**

- Request for further information on soil contamination
- Evidence Base 7: Nature Conservation Considerations welcomed.

**Appendix 2: Guidance Used In the Preparation of the South London Waste Plan (2 representations)**

- Schedule is acceptable and appropriate.
- Support for London Plan policies 5.10-5.15 and so Kenley is a key site for river flood risk mitigation.

**Sustainability Appraisal (6 representations)**

- Covers the areas and topics Natural England would wish to see in such a document
- Reference to Wandle Valley Regional Park is welcomed
- Objective 8 is welcomed
- Lacks complete information on historic environment and so site allocations may have been made without reference to heritage assets
- Site 102 appears to have a “show stopper” component as regards the Stage 2 site search
- Beddington Farmlands is unlikely to be the most appropriate location for extended or new waste facilities since it is one of London’s most attractive sites for birds and has one of the largest colonies of tree sparrows in the UK

APPENDIX 2
# General Consultee Guidelines According to Partner Boroughs’ SCIs

## Croydon

Croydon Voluntary Action, Community Networks, Neighbourhood Partnerships, Residents & Tenants Associations

**Bodies which represent interests of different racial, ethnic or national groups:**
- Equal Opportunities Commission, Women's National Commission, Commission for Racial Equality
- Gypsy Council, Friends Families and Travellers, Age Concern, Help the Aged

**Bodies which represent the interests of different religious groups:**
- Church Commissioners, The Church of England Diocese of Southwark, Parochial Church Councils
- The Roman Catholic Archdiocese of Southwark, The Methodist Church Croydon Circuit, London Baptist Association – East Surrey District, Croydon District Council of the United Reform Church
- Buddhist Centre Croydon, Nanak Community Centre, The Sikh Temple, Croydon Mosque and Islamic Centre, Shree Sakthy Ghanapathy Temple, Sivaskanthagiri Murugan Kovil, Croydon & District Synagogue

**Bodies which represent the interests of disabled persons:**
- Croydon Disability Forum, Partnership Group for Physical Disabled Adults & the Sensory Impaired, Disabled Persons Transport Advisory Committee, Disability Rights Commission

**Business and Development Industry groups:**
- Croydon Business, Local CBI & local branches of Institute of Directors, Chamber of Commerce
- Croydon Trade Union Council

## Kingston

Voluntary bodies, some or all of whose activities benefit any part of the authority’s area

**Bodies which represent the interests of different racial, ethnic or national groups in the authority’s areas**

**Bodies which represent the interests of different religious groups in the authority’s area**

**Bodies which represent the interests of disabled persons in the authority’s area**

**Bodies which represent the interests of persons carrying on business in the authority’s area**

## Merton

**Government Departments, e.g:**
- Home Office, Cabinet Office, Department for Environment, Food and Rural Affairs, Department for Education and Skills, Department for Transport, Department for Trade and Industry, Department for Culture, Media and Sport, Department of Works and Pensions (*Consultation with the government departments listed above can be carried out via the Government Office for London on request*), Ministry of Defence, Department of Constitutional Affairs, Office of Government Commerce (Property Advisers to the Civil Estate)
Other organisations
Bodies which represent the business community in Merton
Bodies which represent the interests of disabled people in Merton
Bodies which represent the interests of difference racial, ethnic or national groups in Merton
Bodies which represent the interests of different religious groups in Merton
Design, property and regeneration professionals
Educational organisations (including both Primary and Secondary Schools)
Environmental organisations
Police and Police Organisations
Residents and Housing Associations
Tenants Associations
Sports organisations
Transport and travel organisations
House builders

Sutton
General bodies that represent the interests of various racial, ethnic or national groups in Sutton
General bodies that represent the interests of various religious groups in Sutton
General bodies that represent the interests of various voluntary or disability people or groups in Sutton
General Bodies which represent the interest of businesses in Sutton
General Bodies which represent the interest of young people in Sutton
Internal London Borough of Sutton Department and Groups
Other General Consultation Bodies
Political Groups/MP’s/EEBC Councillor’s in Sutton
Registered Social Landlords
Residents’ Associations and Amenity Societies in Sutton
Sutton’s area and issue based forums (see list at end of Appendix 4)

Sutton’s Local Strategic Partnership (see Board Members below)

Various residents/individuals who wish to be involved

**Sutton Council’s Local Strategic Partnership Board (external members)**
Epsom & St Helier Trust, Jobcentre Plus, London Wildlife Hospital, Mental Health Trusts, Metropolitan Police, Northern Wards Forum, Sutton Environment Network, Sutton Race Equalities Council, Sutton Schools, Sutton Centre for Voluntary Services, Sutton & Merton PCT, Sutton Town Centre Management Group, SW London & St Georges Mental Health Trust, Threshold Housing & Support, Training & Colleges, Youth Parliament
APPENDIX 3
STAGE 3 PUBLICATION
DOCUMENTARY EVIDENCE
South London
Waste Plan

Proposed Submission
Publication Stage

4 January to 15 February 2011
South London Joint Waste Plan
Development Plan Document (DPD)

Publication Stage Representation Form

Please submit your response online at:
http://southlondonwasteplan.limehouse.co.uk

or return the representation form by email, fax or post:
Email: southlondonwasteplan@rbk.london.gov.uk
Fax: 020 8647 5363
Post: The Project Manager, South London Waste Plan, The Royal Borough of
Kingston upon Thames, High Street, Kingston upon Thames, KT1 1EU.

For further information and to view the evidence base:
Visit the websites of a partner borough and search for waste plan

Responses must be received no later than midnight on Tuesday 15 February
2011.

This form has two parts—
Part A – Personal Details
Part B – Your representation(s). Please fill in a separate sheet for each representation you wish
to make.

Where possible, the Council would prefer if you submitted your response using our online
consultation system. This enables faster analysis of responses, reduces the time in data entry
and is more environmentally friendly.
NEWS RELEASE
For immediate release: 4 January 2010  PR337
John Haynes - 020 8547 4710

Last chance to have your say on Waste Plan

An important planning document, that will give four South London councils more
powers when assessing planning applications for waste treatment facilities and
greater certainty about where these new facilities could be located, was formally
published today.

The South London Waste Plan - which has been jointly prepared by the boroughs of
Croydon, Kingston, Merton and Sutton - introduces a set of strengthened planning
policies that are designed to minimise the impacts of new waste treatment
developments on local communities and the environment. It ensures that any future
waste treatment facilities are modern, well-designed and sustainable.

The Waste Plan also satisfies the requirement of all local authorities to identify
sufficient suitable land for future waste treatment needs. The South London Waste
Plan achieves this by protecting all existing waste treatment sites in the four
boroughs from other types of development and by identifying 11 industrial areas as
having sites which may be suitable for a maximum of seven hectares of new waste
treatment facilities to be built on over the next ten years.

Councillor Simon James, Executive Member for Planning at Kingston Council
(and Chair of the South London Waste Plan Member Working Group), explains:
“For decades, much of the waste we generate in our every-day lives has been buried
in landfill sites. Landfill is now widely known to be environmentally damaging. It is
also becoming financially unviable as the taxes charged to local councils for burying
their waste in the ground rise sharply. In the future, instead of being sent to landfill,
more of the waste produced by households, business and industry will need to be re-
used, recycled, composted or treated in some other way."
“It is a responsibility of local authorities across the country to identify sufficient suitable land for the additional waste treatment facilities that will be required and to put in place robust planning policies to control these developments. That is exactly what the South London Waste Plan does for the four boroughs of Croydon, Kingston, Merton and Sutton.”

The South London Waste Plan will soon be submitted to the Secretary of State for further deliberation, including an examination in public by an independent planning inspector. But prior to this, there will be a six-week ‘Publication Period’ (4 January – 15 February 2011), during which time residents and other interested parties can comment on the ‘Soundness’ of the plan (i.e. whether it is justified, effective and consistent with national policy). Any representations made during the Publication Period which will be forwarded to the Secretary of State along with the submission.

The document, named the *Proposed Submission of the South London Waste Plan*, can be viewed on-line at [http://southlondonwasteplan.limehouse.co.uk/portal](http://southlondonwasteplan.limehouse.co.uk/portal). Comments can also be submitted through this web site. Alternatively, the document is available at council offices and principal libraries across the four boroughs.

It is anticipated that the four councils will be in a position to formally adopt the South London Waste Plan towards the end of 2011.

Ends.
The South London Waste Plan

Statement of Representations

Procedure

Title of Document:
South London Waste Plan Development Plan Document (DPD)

Subject Matter and Area Covered:
The South London Waste Plan DPD sets out the issues and objectives to be met in waste management for the next ten years. It is a joint DPD and covers the geographical area comprising the London Borough of Croydon, the Royal Borough of Kingston-upon-Thames, the London Borough of Merton and the London Borough of Sutton. The South London Waste Plan DPD contains policies to guide the determination of planning applications for waste management facilities and identifies existing waste sites to be safeguarded and areas where waste management development may be suitable.

If adopted, the South London Waste Plan DPD will form part of each borough's Local Development Framework and will be in conformity with the adopted or emerging Core Strategies of each borough.

Period within which Representations must be made:
Representations can be made over a six-week period, beginning Tuesday, 4 January 2011. Representations should be made no later than midnight on Tuesday, 15 February 2011.

Representations should be made electronically using the on-line interactive version of the documents and response form, or emailed to the address below. Alternatively, hard copies of representations can be submitted according to the details below.

Representations must be sent to:
Electronically: Representations can be made using the on-line consultation system:
http://southlondonwasteplan.limehouse.co.uk/portal
By Email: southlondonwasteplan@rbk.kingston.gov.uk
By Fax: 020 8547 5363
By Post: The Project Manager, South London Waste Plan
The Royal Borough of Kingston-upon-Thames, High Street
Kingston-upon-Thames, KT1 1EU.

Future Notification:
Representations may be accompanied by a request to be notified at a specified address of any of the following:
- That the South London Waste Plan DPD has been submitted for independent examination
- The publication of the recommendations of any person appointed to carry out an independent examination of the South London Waste Plan DPD
- The adoption of the South London Waste Plan DPD.
If you do require this notification, please remember to specify this on the standard response form and your contact address.

Statement of Fact that the South London Waste Plan DPD, the Sustainability Appraisal and supporting documents are available for inspection.
The documents are available to view at:

Stage 3: Croydon Public Notice
**Stage 3: Merton Public Notice**

**NOTICE OF PUBLICATION**

**Representative Period:** 4 January 2011 – 15 January 2011

The London Borough of Merton (Planning Department) is publishing a notice under the Town and Country Planning Act 1990, Section 91, and the London Borough of Merton (Planning Department) is seeking comments on the following plans.

The plans are for the development of a new residential development in the area. The plans include the construction of new dwellings and associated infrastructure.

**Public Notice**

Please note that the notices published are registered at the London Borough of Merton’s Environmental and Recreation Department (on the last working day of December 2010) unless otherwise stated.

**List of Consultees**

The list includes representatives of local councils, environmental organizations, and interested parties.

**Legal Notice**

The notice is published in accordance with the Town and Country Planning Act 1990, Section 91, and the London Borough of Merton (Planning Department) is seeking comments on the plans.

**Details of the Development**

The development plans include the construction of new residential dwellings and associated infrastructure.

**Contact Information**

For further information, please contact the London Borough of Merton’s Planning Department at:

- **Telephone:** 020 3839 9264
- **Email:** planning@merton.gov.uk

**Additional Notes**

- The plans are available for public inspection at the following locations:
  - Merton Library: 101 London Road, Morden, Tel: 020 3839 9264
  - Morden Library: Greenford Way, Morden, Tel: 020 3839 9264
- The plans are also available on the London Borough of Merton’s website at: http://www.merton.gov.uk/planning

**Disclaimer**

The information provided is for general information purposes only and does not constitute legal advice. The London Borough of Merton (Planning Department) is not responsible for any errors or omissions in the material provided.

**End of Document**
LONDON BOROUGH OF SUTTON
SOUTH LONDON WASTE PLAN DEVELOPMENT DOCUMENT
NOTICE OF PUBLICATION

Representation Period: 4 January 2011 – 18 February 2011

Notice is hereby given that the London Borough of Sutton is consulting on the South London Waste Plan which is a statutory Waste Development Document. The consultation period is from 4 January 2011 until 18 February 2011. The draft South London Waste Plan has been prepared to comply with the requirements of the Environmental Protection Act 1990, Waste and Resources Act 2009 and the Waste Management Plans Directive. It is also in line with the strategy for waste management in the London Borough of Sutton. The consultation process allows the public to make representations on the draft South London Waste Plan and identifies existing waste sites to be safeguarded and areas where waste management development may be feasible.

This notice is prepared in accordance with the Town and Country Planning (Local Development Orders) (England) Regulations 2009. The draft South London Waste Plan is available to view online at: http://sutton.london.gov.uk/environment and at the following location:

In accordance with the regulations, representations on the SPD can be made using the standard response form electronically via the website: http://sutton.london.gov.uk/environment or email: southlondonwasteplan@sutton.gov.uk, or by post: The Project Manager, South London Waste Plan, The Royal Borough of Kingston upon Thames, High Street, Kingston upon Thames, KT1 1BU. No fee is charged.

Please remember to indicate in your response (or any electronic representations) whether you wish to be notified of any follow-up documents. For further information, please telephone 0333 200 1010 or email: southlondonwasteplan@sutton.gov.uk.

LONDON BOROUGH OF SUTTON
CONSULTATION ON ADMISSION ARRANGEMENTS 2012

In accordance with the School Admissions (Admission Arrangements) (England) Regulations 2005, the London Borough of Sutton gives notice that it is consulting on the admission arrangements for 2012 for all community schools in its area. Copies of the proposed arrangements will be available on the London borough’s website at: www.sutton.gov.uk/admissionarrangements from 1 January 2011 or will be available for inspection by appointment only at the offices of the Council, or by calling 020 8773 6595. The website will also include details of other schools in the London Borough of Sutton which are consulting on their admission arrangements for 2012, together with details of how to respond to the consultation.

Further information about admission arrangements and a parent’s ability to respond, can be obtained by contacting the School Admissions Team at the London Borough of Sutton, Children’s Young People and Learning Services, Civic Offices, Sutton, SM1 1LA, telephone number 020 8770 4880.
