As a Wimbledon resident I am writing to formally object to any proposal that Kenilworth Green, in Wimbledon Park is redeveloped. It is a small oasis of calm in a busy area and should be maintained, as part of keeping our ward green and to provide a quiet rest area in a predominantly built up part of the ward.

I know from recent conversations with local residents that they are very concerned about the damage that has been done to the planting and general condition near No 10 Home Park due to building work that has taken place next to Kenilworth Green and I believe it is now appropriate, depending on the detail of the permissions given to the builder, that either he/she or the Council make good the damage as soon as possible. Please ensure my note is added to the general consultation on this area.
