Re: Sites and Policies DPD: Site Proposal 30: land adjacent to 10 Home Park Road (Locally known as Kenilworth Green)

I am very sorry you have included Kenilworth Green on your Site Proposal list and wish to add my name to those who are objecting to this.

It is one of the very few green spaces left for the community to use in the area. I know it is well liked and used by many. It is also cared for by local people who plan to look after it, despite recent harm done by a builder. A Centenary Celebration Fete is planned there this summer.

I'm a local Tree Warden and member of Wimbledon Park Residents Association who have earmarked the green for a Diamond Jubilee Rose Planting weekend. I plan to help out and help maintain the planting afterwards.

Please re-consider the inclusion of Kenilworth Green on the list & remove it.

Yours sincerely,
