

Dear Cllr Alambritis and Mr Johnson

I write in support of the plans proposed by Paschal Taggart to build a world class greyhound stadium at Wimbledon Greyhound Stadium, Plough Lane. It is of great concern to think that the Greyhound Stadium may be closed down and replaced by a football stadium, of which there are many in the Capital. Wimbledon Greyhound Stadium is now the only remaining Stadium in the Capital and is an important amenity for London which must be saved.

Greyhound racing has taken place at the Stadium since 1928 and the prestigious English Greyhound Derby has been hosted there since 1985. Thousands of people, both young and old, visit the stadium every year and enjoy the thrill of a night's greyhound racing. This can and will continue under Mr Taggart's plans which will not only help to secure the future of the greyhound industry but will enhance the local area providing valuable facilities for the local community, jobs and work for local businesses.

The new leisure complex will provide hundreds of jobs, 52 weeks in the year, which must be taken in to consideration when evaluating the benefits a football stadium would bring given that approximately 25 home matches are only played in a season!

In addition to the benefits that Mr Taggart's plans will bring, they will also save the greyhound racing industry which deserves a lift after the many set backs it has suffered in recent years. If London does lose the last Greyhound Stadium it will be the catalyst that causes the end of Greyhound racing as we know it in the UK and Ireland. You cannot let this happen - people's lives are depending on your decision.

Yours truly
